

TRB Webinar: Passenger Value of Time, BCA, and Airport Capital Investment Decisions

Client

Transportation Research Board (TRB)

Facts

Period2018

Project CountryUnited States

The Transportation Research Board (TRB) conducted a webinar on Thursday, September 13, 2018, featuring EDR Group (now EBP))-led research from the Airport Cooperative Research Program (ACRP)’s Web-Only Document 22: Passenger Value of Time, Benefit-Cost Analysis, and Airport Capital Investment Decisions.

EBP’s Steven Landau and Glen Weisbrod presented on their research during the webinar. The webinar focused on Volume 1: Guidebook for Valuing User Time Savings in Airport Capital Investment Decision Analysis. The report is accompanied by Volume 2: Final Report that summarizes the data collection methodology and Volume 3: Appendix A Background Research and Appendix B Stated Preference Survey.
