

Economic Impact Study of Colorado Airports

Client

Colorado Department of Transportation

Facts

Period 2014

Project Country United States

For the Colorado Department of Transportation, EDR Group (now EBP), under subcontract to ICF SH&E, assessed the economic impact and community benefits for every airport within the State of Colorado. The study provides estimates of the local importance and regional economic impact of individual airports to their service areas, as well as the statewide economic dependence on, and role of aviation.
