Paul Bingham presented "Industry Impacts of Urban Area Freight Access," on October 19, 2017 at the 7th Metrans International Urban Freight Conference (I-NUF) in Long Beach, CA.

Paul Bingham also presented a webinar on "Industry Impacts of Urban Freight Access," on November 15, 2017 as part of the Federal Highway Administration's (FHWA's) Office of Freight Management and Operations and the Office of Planning's "Talking Freight" seminars. Paul's presentation examined some of the challenges freight companies, particularly carriers, face that reduce accessibility for urban area freight access, and discuss how addressing these issues can benefit both freight companies and the regional and/or national economy as a whole.
